

DEBS NOT HOPELESS
AS TO THE STRIKE.SAYS THE CHICAGO TIE-UP IS
NOT ENDED.

Men Who are Out are Enthusiastic and Do Not Complain About the Prospect—Long Conference With President Gompers—Trains Still Guarded By Soldiers.

CHICAGO, July 16.—President Debs said this morning that he by no means considered the strike lost in Chicago. He says the men who are out are still enthusiastic. He received word that the men at Battle Creek went out this morning. All the packing houses began slaughter this morning. Debs held a long conference yesterday with President Samuel Gompers of the American Federation of Labor and P. J. McGuire, first vice president of the federation and secretary of the Brotherhood of Carpenters and Joiners of America. In speaking of the meeting he said: "The railroad strike is still on, and to-day we begin again, backed by all organized labor."

Mr. Debs said that Mr. Gompers had assured him that the American Federation of Labor would raise all the money it could for the support of the Pullman strikers and for the members of the American Railway Union on a strike. He added that he had received assurances of financial support from other large central bodies, who, like the American Federation of Labor, thought it best not to call a general strike but to continue at work and keep the American Railway Union supplied with the sinews of war. Trains are running in and out of Chicago, but with nothing like regularity and each train is guarded by soldiers.

WON'T LET TRAINS RUN.

Strikers at Brazil, Ind., Still Maintain the Tie-Up—Affairs at Terre Haute.

INDIANAPOLIS, Ind., July 16.—According to the reports received by the federal and state officers Brazil and Terre Haute are the only points in the state where the strikers continue to harass the railroad companies. There are 306 cars of coal tied up at Brazil. Both the railroad men and miners insist that the coal shall not be moved by the Chicago & Eastern Illinois railroad company, to which it is consigned. United States Marshal Hawkins has made arrangements to go to Brazil with a posse of sixty deputies and he expects to move the coal without a conflict. Gov. Matthews says that in case there is any resistance on the part of the strikers and the miners he will send militia to the city.

At Fontenot, near Terre Haute, the strikers are still ugly. They have been joined at this place, as at Brazil, by the coal miners. Gov. Matthews said last night that he did not look for any trouble in this state. The troops will not be withdrawn from Hammond and Whiting until the soldiers are withdrawn from Chicago.

LA PORTE, Ind., July 16.—Acting on the appeal of the Chicago & Grand Trunk railroad officials, Sheriff Henry has appointed a number of deputy sheriffs to guard the company's property at Stillwell, this county, the junction of the Lake Erie & Western and Grand Trunk roads. The congregating there of discharged employees and their sympathizers has caused considerable uneasiness.

ST. PAUL, Minn., July 16.—Railroad matters here are quiet. Trains of all kinds are being moved without trouble, and the removal of the embargo on transferring freight from other lines to the Great Northern is considered by the railroad managers as the end of the trouble.

SYMPATHY FOR DEBS.

Chicago Trade and Labor Assembly Resolves to Aid Him.

CHICAGO, July 16.—The Trade and Labor assembly, at its meeting yesterday afternoon, passed the following resolutions:

We, the Trade and Labor assembly of Chicago, representing the 120,000 wage workers of this city, hereby pledge ourselves to aid in every possible way the American Railway Union in continuing the present strike against the organized railway corporations of America.

Resolved, That we pledge to maintain incessant industrial warfare against organized capital until such time as an honorable arrangement shall be agreed upon between the contestants in this fight for justice and recognition.

Will Cut Railway Men's Wages.

MILWAUKEE, Wis., July 16.—In an unofficial way it is announced that as soon as the labor troubles have completely passed away the Northwestern road will immediately order a reduction of 10 per cent in the wages of the men employed in the operating department of the road except the engineers. The members of some of the orders has broken their contracts with the railroad company and the company no longer bound to stand by the rate of wages fixed by the contracts with the unions.

Iron Workers May Soon Strike.

PITTSBURGH, Pa., July 16.—Another strike is imminent in Pittsburgh and its vicinity, but it will have no connection with the A. R. U. movement. If predictions from reliable sources prove true, the Amalgamated Association of Iron and Steel Workers will attempt Aug. 1 to shut down all mills

here where puddlers are working for less than \$3.75. The work of organizing has been going on secretly. The movement for the present is to be confined to puddling mills and to be developed further in the future.

St. Louis Workmen Uneasy.

ST. LOUIS, Mo., July 16.—The committee appointed by the Trades and Labor union meeting, declare that not later than next Thursday all the members of unions in St. Louis will be out in support of Debs if in the meantime the strike is not settled. No action will be taken until M. J. Elliott, strike director of the American Railway Union in St. Louis, requests a general strike. The members of the American Railway Union in this city and East St. Louis have unanimously decided to remain out until the strike is officially declared off by President Debs.

Will Not Withdraw Militia.

SPRINGFIELD, Ill., July 16.—Gov. Altgeld was asked last night when the troops probably would be withdrawn from Chicago and gave the following statement: "I have not considered the subject of withdrawing the troops from Chicago at all. I shall certainly not withdraw them until Mayor Hopkins feels that he can with his police force alone easily maintain order, protect property, and enforce the law. I was prepared to put ten or twelve more regiments in Chicago on a day's notice if it had been necessary."

Plans to Cure Ills of Labor.

ST. PAUL, Minn., July 16.—The State Federation of Labor met in this city yesterday and after electing officers and adopting resolutions adjourned till the second Sunday in December, when it will meet at St. Cloud. Among the resolutions adopted was one for legislation in favor of arbitration in all disputes between labor and capital, government ownership of telephone, telegraph, and railroads, the referendum system, abolition of the sweating system, and earnestly indorsed the American Railway Union and its boycott and strike.

Riot is Expected.

PITTSBURGH, Pa., July 16.—Rioting at McKeesport is expected to occur soon. The National Tube Works company will make an attempt to break the strike that has been waged for several months for an advance of wages. Many of the employees held meetings and voted to return to work, but the others threaten them with death if they give in. Over 100 heavily armed guards will try to protect the works.

Refuse to Accept a Cut in Wages.

LYNN, Mass., July 16.—Saturday the employees of the River mill of the Thomson-Houston works, one of the few departments not removed to Schenectady, received notice that the existing business depression would necessitate the cutting of their salaries, beginning to-day. The men, 200 in number, held a meeting and decided to strike if the cut was put in force, and they so notified the company.

Dynamite Placed on the Track.

ST. PAUL, Minn., July 16.—An attempt was made yesterday, presumably by sympathizers of the strikers, to blow up a Northern Pacific passenger train between St. Cloud and Sauk Rapids, this state. Dynamite or nitro-glycerine was placed on the track. The explosion did not have the intended effect. It stopped the train but did little damage. No clew to the criminal has been obtained.

Stand by the A. R. U.

LOGAN, Ohio, July 16.—Members of the American Railway Union, coal operators and miners of the Hoeking Valley, held a joint mass meeting at Nelsonville yesterday afternoon. They pledged themselves to stand by the American Railway Union, expressing a purpose to support the strikers. Eight hundred cars of coal are in the Nelsonville yards, none of which, they say, will be removed until all the strikers are restored to their places. All favor arbitration with the conditions that all the strikers shall be restored.

Will Be Burned if Caught.

HUMBOLDT, Tenn., July 16.—Miss Partia Wellington, the 16-year-old daughter of a wealthy planter, was outraged and murdered by an unknown fiend near her father's home at Pierson, Tenn., late yesterday afternoon. The crime has aroused the whole country, and hundreds of men are scouring the woods searching for the fiend. If he is caught he will be burned at the stake at the spot where the murder was committed.

Strike Indorsed at Boston.

BOSTON, Mass., July 16.—The meeting of the Central Labor Union yesterday drew up resolutions condemning the federal government for interfering with the Chicago strike and attributing the failure of it to the executive department. Gov. Altgeld and Mayor Hopkins were lauded for their actions.

Troops May Soon Be Recalled.

WASHINGTON, July 16.—No reports of importance were received and no orders were sent out from military headquarters yesterday. No action has as yet been taken toward recalling troops from Chicago, but if everything remains quiet this will be done in a short time.

Determined to Stay Out.

Flat cars are sent in advance of the engines to preclude the possibility of their being ditched. It is the intention of the railroad company to start a fruit train for the east to-day. It will be made up of a number of refrigerator cars and will be heavily guarded.

Haven't Seen the Proclamation.

OMAHA, Neb., July 16.—A long exchange of telegrams in the last twenty-four hours has developed the impression that the strikers along the Central Pacific have never heard of the President's proclamation ordering Gen. Brooke and Gen. Ruger to use their troops for opening the road. Yesterday the troops sent from Ogden had reached Reno, on the Central Pacific, and Dillon on the Utah & Northern.

TO PUSH THE CHINESE TREATY.

Efforts to be Made This Week to Secure Favorable Action.

WASHINGTON, July 16.—The only positive indication for the week in the senate is that the consideration of the appropriation bills will be continued. There is a probability that a day or two will be given to the Chinese treaty, and a possibility that the tariff conference report will call for attention in some shape. The taking up of the treaty will depend upon whether the managers of the appropriation bills will consent to yield the time for it, and the further consideration of the tariff question will depend upon whether the conferees make their report and incidentally upon the character of the report when made. Senator Gray, representing the administration, is extremely anxious to have the Chinese treaty disposed of, and he has expressed the opinion that it will be possible to get it up to-morrow or Wednesday. When considered it will probably consume an entire day if not more time in executive session.

If the tariff conference report shall reach the senate it will undoubtedly evoke considerable discussion if it should attempt to lower the rates or change any of the material amendments of the senate.

When the senate adjourned Saturday the legislative, executive and judicial appropriation bill was under consideration. It is expected that when it shall be disposed of, as it is thought that it will be to-day, the Indian appropriation will be taken up, and with that out of the way the agricultural, District of Columbia, sundry, civil, and general deficiency bills will be considered, probably in the order named. These will complete the list. It is possible there will be more or less debate on all of these bills, but if other questions are not allowed to interfere all probably can be disposed of during the week.

There is no settled program for this week in the house. Everything will be subject to displacement in favor of the conference report on the tariff bill when one is agreed upon. The house managers, in case a report is made this week, are not disposed to allow too much time to be consumed by debate, especially if a disagreement is reported on the vital differences between the two houses. Though the time will be limited it is the desire of the house managers to give sufficient opportunity for the leading members to place their positions squarely before the country. The absence of Speaker Crisp, who is expected Tuesday, unless the condition of his son does not improve, makes the business of the house pending the report from the conference committee problematical. To-day is suspension day and Tuesday will probably be given to the committee on

judiciary. Further than that, however, no program has been mapped out.

A fierce fire is sweeping through the dense woods in the lower part of Galloway township, and is headed directly toward Hewittown. It is impossible to form any estimate of the loss at present. The principal losers, however, will be the owners of the timber lands, large sections of which have been swept by the flames.

BIG RAPIDS, Mich., July 16.—Probably a hundred men, women, and children, inhabitants of a ten-mile section of the southern part of Isabella county, are homeless on account of forest fires. TO EXTEND MISSIONS.

Christian Endeavor Convention Takes Up a New Plan.

CLEVELAND, Ohio, July 16.—The Christian Endeavor convention closed last night with two mammoth rallies, the one in Sangerfest hall and the other in the big tent on Wilson avenue. It is safe to say that Cleveland never had within its borders at any one time such an enthusiastic and inspiring body. One feature of the closing hours of the convention has just been made known. The idea is in brief this: To have the various national and local missionary boards, both home and foreign, unite in securing good lecturers to deliver series of lectures on missionary topics in different neighborhoods and localities, and thus awaken an interest on the part of young people in doing missionary work, and giving to missionary causes through the medium of the missionary societies of their own churches. This work, which is similar to university extension work, is, according to the plan of Mr. Mershon, to be taken hold of and forwarded by the societies of Christian Endeavor throughout the country. A resolution was passed approving the plan. It is proposed to make the contributions for missions \$1,000,000 this year.

L. F. Holloway had two horses in the races at Fond du Lac Friday but Driver Persons was unable to win with them. Nestwood was entered in the 2:24 class but the best place he got was fifth. Phallamiss started in the 2:30 class but after finishing in eighth place in the first heat she was drawn.

Janesville people will all remember Joe Wonder, a bay son of Bonny Richards who was owned and driven by "Web" Johnson of Evansville. Joe won a race or two at Janesville and afterwards captured quite a bit of money about the country. The horse and her driver were a peculiar looking pair. Johnson is over six feet tall and heavy in proportion to his height. His sulky had to be built extra strong and the hubs of the high wheels that were then used were of steel and weighed twelve pounds each. Although handicapped by Johnson's weight Joe was a race horse but he didn't do so well. A day or two ago he started in the free-for-all class at Mendota, Ill., but only got fourth money, the best time being 2:21.

Joseph Wormley, whose home is at Mendota won another race there with Mark W. after trotting six heats. Wormley was here last June but got no money.

FUND FOR FIREMEN WHO ARE INJURED.

JAMES HARRIS MAKES THE FIRST DONATION.

Instead of Dividing His Gift the Members of the Department Decide to Start a Reserve Which Can Be Used For the Relief of Disabled Firemen.

Firemen who are hurt in the discharge of their duty will be provided for by a benefit fund. It is small as yet, but it will grow. James Harris made the first donation, his letter reading as follows:

JANESVILLE, WIS., JULY 14, 1894,
 JOHN C. SPENCER, CHIEF ENGINEER,
 JANESVILLE FIRE DEPARTMENT, DEAR SIR: We herewith enclose our check for twenty-five dollars, for the fire department, as a slight token of our appreciation for their efforts in saving our property on the 12th inst. Please divide same among the boys as you think proper. Yours very truly,
 JANESVILLE BARB WIRE CO.,
 James Harris.

JANESVILLE, WIS., JULY 16, 1894.
 JAMES HARRIS, ESQ. DEAR SIR:—Yours of the 14th inst., conveying your kindly appreciation of the services of the fire department in their efforts to save your property on the 12th inst., and enclosure of a twenty-five dollar check, as a token of that appreciation, is received. I voice the sentiments of every member of the fire department when I say "thank you."

I have consulted with the department as to the distribution, and the members are unanimously in favor of using the money as nucleus for a benefit fund, in case of accident befalling a member while on duty. This being the first favorable opportunity offered since the organization of the fire department for the establishment of such a worthy fund. Rules will be adopted governing benefits, and the fund sacredly kept for this purpose. The members I assure you are highly elated at receiving your handsome donation with the expressions conveyed, and instruct me to accept it and to signify the manner of its disposition. The department will call the fund established upon this nucleus the "Firemen's Benefit Fund," and hereafter all donations which citizens may think proper to make, as well as the proceeds of the annual parties of the department, will be placed in this fund.

Assuring you of our hearty appreciation of your efforts to perform your duty, I am Yours Truly,
 JOHN C. SPENCER,
 Chief Engineer.

Sensitiveness.

A dark blot upon life's white page, It lies there, from youth to age, Although forgiven o'er and o'er, It's not the same as I was before, Remembrance of those words so cold Has made a warm red heart grow old.

The Wrong Husband.

Mrs. Alimony (to companion in lobby of divorce court)—There comes my last husband but three. I do so want to introduce you, but I can't recall the dear fellow's name. How annoying!

WANTS STAMPS PUT ON ALL MEDICINES.

JANESVILLE DRUGGISTS ASK FOR AN OLD LAW.

When the Internal Revenue Provision Affecting Patent Nostrums Was Repealed the Manufacturers Deluded Druggists With Promises of Increased Margins on All Sales.

Janesville druggists are starting a campaign in favor of "medicine stamps." What they want is a revival of the old law compelling every patent medicine company to paste internal revenue stamps on each bottle. Says a correspondent, in E. B. Heimstreet's monthly:

"Many of our older druggists will remember when it was first talked of repealing the stamp tax on patent medicines, we, the retail druggists, were told that the goods would be reduced in price, and many other advantages. We all helped our patent medicine friends out and the tax was taken off. What was the result? What has been the advantage to the retail druggists? None. Not only that, but the patent medicine manufacturers have been grinding it into us ever since, and '94 has been worse than usual. Almost every bill we get will find opposite some item the magical word 'advanced.' It's no use of kicking. You can buy our goods or let them alone. Now we druggists of Wisconsin should be the ones to start the ball rolling and agitate this matter until we get every druggist in the United States interested. Petition congress to replace the stamp duty on patent medicines and it will bring in a good revenue. We cannot be any worse off on 'patents' than we are now."

Editor Heimstreet is entering into the campaign vigorously and says he is anxious to see how much noise the Wisconsin Druggists' Circular can make in a good cause.

\$75,000,000 GIFT TO A TRUST.

The consideration shown by the democrats for the sugar trust has been made familiar to the people; but the fact is not so well understood that they have done still more for the whisky trust. According to the best estimates, the profit likely to be realized by the sugar trust under the tariff bill as it now stands and as it will probably be passed is about \$50,000,000 which is contributed to the democratic campaign fund, and it is presumably well satisfied with the result of that investment. But at the same time an outright gift of \$40,000,000 is made to the whisky trust, with the assurance of \$35,000,000 more in the course of a few years. That is to say, the bill provides that the increase of the whisky tax from 90 cents to \$1.10 per gallon shall take effect at once; but this increase is not to be levied on the whisky now in bond, and such whisky may accordingly be withdrawn on payment of the 90 cent tax, and sold with the additional 30 cents added to the price. There are now about 200,000,000 gallons of whisky in bond, and a profit of 20 cents per gallon thereon will amount to \$40,000,000. The profit that comes from the lengthening of the bonded period makes a net profit of \$35,000,000 more.

The people are told that the whisky tax is to be increased for the purpose of raising more revenue, but they are not told that the Whisky Trust will derive \$75,000,000 from it by reasons of the conditions under which it is to be imposed. It is thus that legislation is shaped by the democratic party for the profit of favored interests.

A CRUEL MOVEMENT.

The cruelty of an ill-considered sympathy strike is now becoming apparent. Ten thousand men are out of work and penniless. A month ago these men had good positions and steady employment. They are not the only ones that have suffered. The logic of a sympathy strike is that a difficulty with one employer shall be adjusted by making an assault upon the interests of all other employers in the same line of business. Thus employers against whom there is no complaint are held responsible for the objectionable actions of a man or a corporation having no practical connection with their affairs.

It is very certain that the American people, with their well known common sense and their characteristic regard for fair dealing, will never en-

dorse a theory of this kind. The idea that damage may properly be done to a number of persons or corporations because some one person or corporation has committed a wrong is preposterous. When strikes are so directed as to hurt those who have nothing to do with the causes of complaint, they become movements that are outside of the limits of public indulgence, and that deserve the severe reprobation of all good citizens.

WHEN a man has considered himself a loyal citizen of the United States for thirty five or forty years it must make him pause for a moment to be served with a notice to cease obstructing the mails and the commerce between the states. It is not the sort of document an American would want to have framed or to leave his children.

The Sugar Trust has already made \$4,000,000 by importing sugar before the duty takes effect, which signifies a satisfactory profit on its investment of \$500,000 in the campaign of 1892, even if it should not make another dollar out of the transaction. The senators have done very well out of the deal too.

Throughout the country the stricken are much more numerous than the strikers. That is to say, the number of men and women thrown out of employment because of the strike is vastly greater than the number who have voluntarily left their employment to join the strike.

It took 654 pages for the senate investigating committee to say that nothing had been discovered about the sugar scandal because "senatorial courtesy" interfered.

No fear of Altgeld being forgotten. Illinois will remember him as long as she pays taxes to cover the cost of riots for which he is to blame.

The failure of Sovereign's attempt to involve the Knights of Labor in the Debs strike is equivalent to a repudiation of his leadership.

The job of "labor leader" won't be as good when the deluded workmen have had time to open their eyes after the strike.

SOME WELL KNOWN FACES

George J. Gould.

George J. Gould's recent purchase of the yacht Vigilant is supposed to have been made on his brother Edwin's account, but George has for some time been an enthusiastic yachtsman. The Vigilant has gone abroad and will be entered in many of the big races on the other side. Besides being a yachtsman and all around athlete, George Gould is a member of the New York chamber of commerce, president of the Missouri Pacific railroad, the St. Louis, Iron Mountain and Southern, the Texas and Pacific, the International and Great Northern, the Manhattan Elevated, the Little Rock and Fort Smith, and is vice president of and holds a controlling interest in the Western Union Telegraph company. He is a director and owner of large blocks of stock in the Richmond Terminal, the Wabash Railway company, the Union Pacific, the American Speaking Telephone company, the American District Telegraph company, the Equitable Life Assurance association and the Mercantile Trust company of New York. He is 30 years old.

Passed Fraudulent Checks.

DETROIT, Mich., July 16.—Alonzo Jay Whiteman, at one time a member of the Minnesota senate, the son of a millionaire and worth \$300,000 in his own right, occupies a cell in the central station. When arrested he gave the name of Frederick Henry Cooper, but he was recognized by a former chum in the Columbia Law college of which he is a graduate. He is under arrest here for complicity with James R. DeWitt in passing a forged check for \$50 on the Cadillac hotel. He made a full confession.

Had Planned to Kill the Czar.

VIENNA, July 16.—The Pester Lloyd publishes a dispatch from Warsaw that the proposed autumn maneuvers of the Russian army near Smolensk have been abandoned. The dispatch adds that the abandonment of the maneuvers was due to a discovery recently made of mines that were intended to blow up the building which would have been occupied as the headquarters of the czar. A number of nihilists have been arrested connected with the plot.

TALK AT THE BARBER'S.

Odds and Ends Turned Over by Fellows With an Eye to Business.

"There are only three men in Chicago in that fellow's line of business," remarked the chatty Wabash avenue barber as he turned to strop his razor. "Oh, he trades in barbers' crank notions, superstitions and whims," the operator continued. "He goes from one shop to another with that little hand-bag and trades razors, strops, brushes, hones—anything in the tonorial line. How does he make a living by it? Easy enough! You don't know barbers very well, I guess. Well, one of 'em buys a razor for, say \$3, and after he's used it awhile makes up his mind he doesn't like it. So he sells it to this man for \$1. This man leaves it on trial with some other barber and gets \$4 worth of old razors in exchange, and then he sells one of those old razors to the original purchaser of the \$3 razor. We does the same with strops and hones and brushes. Of course he makes money, dresses well, smokes good cigars, and works only when he feels like it. There's money in it for the three fellows in the business, but the snap will be overdone soon as the scheme is better known. Capital necessary to begin with? Cheek and acquaintance are all that are necessary. When the razor broker gets a cranky customer who shaves himself and who doesn't care what his outfit costs, provided it suits him—why, then, he does what any one else would do. He makes the crank pay for his crankiness."

STRIKE DIDN'T COME AS DEBS PLANNED.

ALL C. & N. W. and C. M. & ST. P. MEN TO QUIT.

That Was the Dictator's Order But the Men Refused—Janesville People Leave For the East—Picnics at Clear Lake—Brief Bits of Local News.

A GENERAL strike on the Chicago & Northwestern and the Chicago, Milwaukee & St. Paul began at noon today. At least President Debs said it would begin at noon and it can't be that Debs is mistaken. If the strike occurred, however, it was a very quiet one. All the trains out of Chicago and Milwaukee were reported to be on time on both roads and freights were moving without interruption. Soldiers are scattered around the C. M. & St. P. yards in Chicago with considerable liberality but in the Northwestern yards the only men in sight are two at the bridge just outside the Wells street depot. Debs evidently thinks this is April 1.

R. H. BARLOW, the expert photographer and Attorney A. E. Matheson of the firm of Fethers, Jeffries, Fife & Matheson, spent Sunday at Elkhorn, going on their wheels. Mr. Barlow was formerly engaged in business at Elkhorn while Mr. Matheson also formerly resided there, his father being John Matheson, the founder of the Matheson Trading company, Elkhorn's largest business firm.

MANY Janesville people spent Sunday at Clear Lake. A large number went by special train over the St. Paul line at 9 o'clock in the morning, the Bower City band being with the excursionists. Many went overland in carriages and carryalls. In consequence the streets during the day were deserted and very quiet.

ONE customer took fourteen children's suits at our suit sale on Saturday. He picked them out until he was tired. Maybe some of the small competitors sent him over. If so, come again today and tomorrow, boys, we can furnish you clothing any time cheaper than you can buy it elsewhere. T. J. Ziegler.

PATRICK KAVANAGH left at noon for Oshkosh, where he goes to represent the Janesville Catholic Knights in the annual meeting of the Wisconsin branch of that order. He will be absent until Thursday or Friday. William Dooley represents the order in Porter and went north today with Mr. Kavanagh.

MORNING FIRES IN BALES OF HAY.

Burchell's Store Threatened With Destruction Early This Morning.

A mysterious fire occurred in the feed store of William Burchell, 43 North Main street, at 9 o'clock this morning which for a moment threatened serious results. Mr. Burchell had just procured his morning Chicago paper and had just seated himself in the rear of the store over the stable, when he discovered smoke coming up through the floor around him.

He hastened down the stairs only to find the basement filled with dense smoke from burning hay and straw. A pall filled with water was at hand, and with this he soon extinguished the fire. A moment later the fire would have worked its way into the hay and dry woodwork and developed into dangerous magnitude.

MORE CARS TO RUN ON THE LOCAL LINE

STREET RAILWAY PUT IN BETTER SHAPE.

Superintendent W. R. Proudfoot is making arrangements for reducing the intervals just one-half on Main Street, Milwaukee Street and Milton Avenue.

Superintendent Proudfoot of the street railway expects to place another car in service on his road, making six cars in all.

"I intend to double the regular service," said he this afternoon. "With an additional car I can put three regular cars on the Milton avenue line and two on the Main street line, thus cutting the time in two in the middle. One car will be sufficient for the business on the Forest park line."

Mr. Proudfoot is a firm believer that the railway company is bound to be one of the leading institutions of Janesville, and is determined to operate the road on this theory.

MANY DRUNKS FOR JUDGE PHELPS

Municipal Court Has Plenty of Work Disposing of Saturday Merry-Makers.

A covey of disorderly drunks were arraigned in the municipal court this morning. They were arrested Saturday, and spent Sunday in Janesville sobering up. First came Alonzo Hake and Henna Millard, being the man and woman arrested on South Main street Saturday by Sheriff Bear. Four dollars each and costs, was the penalty meted out to them. Levi D. Tennis and William Eldredge next faced the bar, and were quickly adjudged guilty and fined \$3 and costs or three days in jail. The last, but by no means the least, was August Cook, arrested Saturday afternoon for creating a disturbance on East Milwaukee street, in an ineffectual attempt to "clean out" McDonald's restaurant. Cook was let off with five days in jail. He is an old offender, and is a frequent lodger at the jail. It was he who brutally maimed one of John Decker's horses last fall, and was given a long time jail sentence. He is an ugly customer, especially when under the influence of liquor.

The meeting of the reunited family at 1:30 this morning, was an affectionate scene.

COLTS WON A GAME AND THEN LOST

Grocery Clerks Beat Barbers and Were Beaten By South Ends.

The Janesville Colts, formerly the Grocery Clerks, won and lost yesterday, playing two games. The first was played with the Barbers in the morning at Dunn's park, resulting in an easy victory for the Colts, the score being 24 to 4.

The hardest and most exciting game was in the afternoon at Athletic park, with the South Ends. This was for twenty-five dollars a side. It was a closely contested game from start to finish, but the Colts at the end found themselves two tallies short, 18 to 16, and were consequently out just \$25. A fair sized crowd witnessed the afternoon game.

Janesville's Y. M. C. A. nine will play the Beloit Y. M. C. A. nine at Athletic park Friday of this week. The Y. M. C. A. nine has accepted a challenge from the Janesville firemen to play at Athletic park. If the Y. M. C. A. make ten runs the gate receipts go to the association's building fund. If ten runs are not made the money will be paid to the city hospital.

The Janesville Stars journeyed to Jefferson yesterday only to meet defeat in a game with the Jefferson club.

Edgerton boys gave the Athletics the hardest game of the season Saturday afternoon. This is the way the score stood:

Janesville..... 2 1 1 0 0 1 0 2-8

Edgerton..... 1 0 0 0 0 0 1 0-2

Batteries—Dixon and McGinley; Cossibone and Smith. Earned runs—Janesville, 3. Base hits—Janesville, 11; Edgerton, 3. Errors—Janesville, 4; Edgerton, 8. Three-base hits—Birmingham, Connors, J. Wilbur. Two-base hits—Birmingham, Dixon. Umpire—C. F. Tallord. Scorer—Thomas Clark.

The Fourth Ward Stars defeated Lutz's nine by a score of 2 to 6. The Stars knocked out four twirlers, being Will Smith, Lutz, Ed Joyce and Bliss. The battery for the Stars were, R. Davenport and Ed. Cooley, pitched a strong game, striking out eighteen men. Jim Riley made a home run bringing in three men.

LIVELY MEETING OF THE Y. M. C. A.

Archie Crawford Talked of "Bad Company and What It Led a Man to Do."

The topic presented by Archie Crawford at the Y. M. C. A. meeting Sunday afternoon, "Bad Company and What It Led a Man to Do," proved very interesting and practical. The time was used for school talks from those present. The male chorus sang two selections and Messrs. Lewis and Bronson rendered a duet, the young men joining in the chorus. The object and purpose of this organization to draw young men together in associations that will help and inspire moral courage to build character for future usefulness among their fellows, furnishes a great opportunity for every man, young or old, desiring to be influential along right lines. The religious work of this organization is thorough and lasting. Every citizen of Janesville should show appreciation of this work by their presence at the meetings, and financial support sufficient to finish the home that is now in process of erection. Young men by the dozen are anxiously waiting for the completion of their building, when they will unite as members, and with the income from rentals and membership, there will be at a very low estimate \$3,000 yearly income for the support of a definite work for young men in a home of their own, surrounded with all the attractive influences, appealing to young men from every side of life, to a profitable improvement of time and ability daily. This work is not an experiment. The association is following the principles that have brought to hundreds of cities and towns of the world great success, and is to-day growing more rapidly than ever before.

Much Work For W. F. Hayes.

Strikes, hot weather, dull times or anything else don't make any difference with the optical business at F. C. Cook & Co.'s as the following will show what Hayes, their optician, has done during the past week: Three cases from Chicago; three cases from Kankakee, Ill.; three from Milwaukee, Wis.; one from Beloit, Wis.; four from Milton Junction, Wis.; two from Milton, Wis.; three from Albion, Wis.; and twelve in the city. Many have been complicated cases, but no matter how difficult they are he will cure all errors of refraction in a strictly scientific manner, and in so case prescribes glasses where they are not required. Those wishing to consult him should do it the coming week, as he will be in Chicago the next week, being called as assistant at the Ophthalmic college.

Excellent Goods.

TRADING A HORSE.

The Man Had a Sliding Scale of Values to Suit Conditions.

They say when a man goes to trading horses he can no longer be honest, at least in respect to horses, and yet, "they say," may be mistaken. At least it occurred to me so, one day, as riding along a pleasant road I met a man on horseback.

"Want to buy a horse?" he inquired, "What do you want for him?" said I.

"Two hundred dollars," said he.

"What do you ask for him?" said I.

"One hundred and seventy-five dollars," said he.

"What will you take for him?" said I.

"One hundred and fifty dollars," said he.

"What will you get for him?" said I.

"One hundred and twenty-five dollars," said he.

"What did you give for him?" said I.

"One hundred dollars," said he.

"What is he worth?" said I.

"Seventy-five dollars," said he. "I reckon you don't want to buy a horse, mister," and he rode into the yard of a big establishment I could see through the trees.

"What's that building?" I asked of a man a hundred yards further on.

"Lunatic asylum," he replied curtly, and I steered in the other direction.

DR. TALMAGE SPEAKS ON LAUGHTER.

A SERMON APPROPRIATE TO
THE TIMES.

"He that sitteth in the Heavens Shall Laugh"—"Then Was Our Mouth Filled with Laughter"—Blessed Are the Weak: They'll Laugh.

BROOKLYN, July 15.—Rev. Dr. Talmage, who is now in Australia on his round-the-world journey, has selected as the subject for his sermon through the press to-day, "Laughter," the text being taken from Psalm 126: 2: "Then was our mouth filled with laughter," and Psalm 2: 4: "He that sitteth in the heavens shall laugh."

Thirty-eight times does the Bible make reference to this configuration of the features and quick expulsion of breath which we call laughter. Sometimes it is born of the sunshine and sometimes the midnight. Sometimes it stirs the sympathies of angels and sometimes the cackling of devils. All healthy people laugh. Whether it pleases the Lord or displeases him; that depends upon when we laugh and at what we laugh. My theme to-day is the laughter of the Bible, namely: Sarah's laugh, or that of scepticism; David's laugh, or that of spiritual exultation; the fool's laugh, or that of sinful merriment; God's laugh, or that of infinite condemnation; heaven's laugh, or that of eternal triumph.

Scene: An Oriental tent; the occupants, old Abraham and Sarah, perhaps wrinkled and decrepit. Their three guests are three angels—the Lord Almighty one of them. In return for the hospitality shown by the old people God promises Sarah that she shall become the ancestress of the Lord Jesus Christ. Sarah laughs in the face of God; she does not believe it. She is affrighted at what she has done. She denies it. She says: "I didn't laugh." Then God retorted with an emphasis that silenced all dispute: "But thou didst laugh."

My friends, the laugh of scepticism, in all ages, is only the echo of Sarah's laughter. God says he will accomplish a thing; and men say it can not be done. A great multitude laugh at the miracles. They say they are contrary to the laws of nature. What is a law of nature? It is God's way of doing a thing. You ordinarily cross a river at one ferry. To-morrow you change for one day and you go across another ferry. You made the rule. Have you not the right to change it? You ordinarily come in at that door of the church. Suppose that next Sabbath you should come in at the other door? It is a habit you have. Have you not a right to change your habit? A law of nature is God's habit—his way of doing things. If he makes the law, has he not a right to change it at any time he wants to change it? Alas! for the folly of those who laugh at God when he says: "I will do a thing;" they responding: "You can't do it." God says that the Bible is true—it is all true. Bishop Colenso laughs; Herbert Spencer laughs; Stuart Mill laughs; great German universities laugh; Harvard laughs—softly! A great many of the learned institutions with long rows of professors seated on the fence between Christianity and infidelity, laugh softly. They say: "We didn't laugh." That was Sarah's trick. God thunders from the heavens: "But thou didst laugh." The Garden of Eden was only a fable. There never was any ark built; or if it was built, it was too small to have two of every kind. The pillar of fire by night was only the northern lights. The ten plagues of Egypt only a brilliant specimen of jugglery. The sea parted, because the wind blew violently a great while from one direction. The sun and moon did not put themselves out of the way for Joshua. Jacob's ladder was only horizontal and picturesque clouds. The destroying angel smiting the first-born in Egypt was only cholera infantum become epidemic. The gullet of the whale, by positive measurement, too small to swallow a prophet. The story of the immaculate conception a shock to all decency. The lame, the dumb, the blind, the halt, cured by mere human surgery. The resurrection of Christ's friend, only a beautiful tableau; Christ, and Lazarus, and Mary, and Martha acting their parts well. My friends, there is not a doctrine or statement of God's holy word that has not been derided by the scepticism of the day. I take up this book of King James's translation. I consider it a perfect Bible; but here are sceptics who want it torn to pieces. And now, with this Bible in my hand, let me tear out all those portions which the scepticism of this day demands shall be torn out. What shall go first? "Well," says some one in the audience, "take out all that about creation and about the first settlement of the world." Away goes Genesis. "Now," says some one, "take out all that about the miraculous guidance of the children of Israel in the wilderness." Away goes Exodus. "Now," says some one else in the audience, "there are things in Deuteronomy and Kings that are not fit to be read." Away go Deuteronomy and the Kings. "Now," says some one, "the Book of Job is a fable that ought to be torn out." Away goes the Book of Job. "Now," says some one, "those passages in the New Testament which imply the divinity of Jesus Christ ought to be torn out." Away go the Evangelists. "Now," says some one, "the Book of Revelation—now preposterous! it represents a man with the moon under his feet and a sharp sword in his hand." Away goes the Book of Revelation. Now there are a few pieces left. What shall we do with them? "O," says some man in the audience, "I don't believe a word in the Bible, from one end to the other." Well, it is all gone. Now you have put out the last light for the nations. Now it is the pitch darkness of eternal midnight. How do you like it?

But I think, my friends, we had better keep the Bible a little longer intact. It has done pretty well for a good many years. Then there are old people who find it a comfort to have it on their laps, and children like the stories in it. Let us keep it for a curiosity, anyhow. If the Bible is to be thrown out of the school, and out of the court room, so that men no more swear by it, and it is to be put in a dark corridor of the city library, the Koran on one side and the writings of Confucius on the other, then let us each one keep a copy for himself, for we might have trouble, and we would want to be under the delusions of its consolations; and we might die, and we would want the delusion of the exalted residence of God's right hand, which it mentions. O! what an awful thing it is to laugh in God's face, and hurl his revelation back at him. After awhile the day will come when they will say they did not laugh. Then all the hypercriticisms, all the caricatures, and all the learned sneers in the "Quarterly Reviews," will be brought to judgment; and amid the rocking of everything beneath, and amid the flaming of everything above, God will thunder: "But thou didst laugh!" I think the most fascinating laughter at Christianity I ever remember was a man in New England. He made the word of God seem ridiculous, and he laughed on at our holy religion until he came to die, and then he said: "My life has been a failure—a failure domestically; I have no children; a failure socially, for I am treated in the streets like a pirate; a failure professionally, because I know but one minister that has adopted my sentiments." For a quarter of a century he laughed at Christianity; and ever since Christianity has been laughing at him. Now, it is a mean thing to go into a man's house and steal his goods; but I tell you the most gigantic burglary ever invented is the proposition to steal these treasures of our holy religion. The meanest laughter ever uttered is the laugh of the sceptic.

The next laughter that I shall mention as being in the Bible, is the laugh of God's condemnation: "He that sitteth in the heavens shall laugh." Again: "I will laugh at his calamity." With such demonstration will God greet every kind of great sin and wickedness. But men build up villainies higher and higher. Good men almost pity God, because he is so schemed against by men. Suddenly a pin drops out of the machinery of wickedness, or a secret is revealed, and the foundation begins to rock; finally, the whole thing is demolished. What is the matter? I will tell you what the matter is. That crash of ruin is only the reverberation of God's laughter. In the money market there are a great many good men, and a great many fraudulent men. A fraudulent man there says: "I mean to have my million." He goes to work reckless of honesty, and he gets his first \$100,000. He gets after awhile his \$200,000. After awhile he gets his \$500,000. "Now," he says, "I have only one more move to make, and I shall have my million." He gathers up all his resources; he makes that one last grand move, he fails and loses all, and he has not enough money of his own left to pay the cost of the car to his home. People can not understand this spasmodic revulsion. Some said it was a sudden turn in Erie railway stock, or in Western Union or in Illinois Central; some said one thing and some another. They all guessed wrong. I will tell you what it was: "He that sitteth in the heavens laughed." A man in New York said he would be the richest man in the city. He left his honest work as a mechanic, and got into the city councils some way, and in ten years stole \$15,000,000 from the city government. Fifteen million dollars! He held the legislature of the state of New York in the grip of his right hand. Suspensions were aroused. The grand jury presented indictments. The whole land stood aghast. The man who expected to put half the city in his vest pocket goes to Blackwell's island; goes to Ludlow street jail, breaks prison and goes across the sea; is rearrested and brought back, and again remanded to jail. Why? "He that sitteth in the heavens laughed." Rome was a great empire; she had Horace and Virgil among her poets; she had Augustus and Constantine among her emperors. But what mean the defaced Pantheon, and the Forum turned into a cattle market, and the broken-walled Coliseum, and the architectural skeleton of her great aqueducts? What was that thunder? "Oh!" you say, "that was the roar of the battering rams against her walls." No. What was that quiver? "Oh!" you say, "that was the tramp of hostile legions." No. The quiver and the roar were the outburst of omnipotent laughter from the defied and insulted heavens. Rome defied God and he laughed her down. Nineveh defied God and he laughed her down. Babylon defied God and he laughed her down. There is a great difference between God's laughter and his smile. His smile is eternal beatitude. He smiled when David sang, and Miriam clapped the cymbals, and Hannah made garments for her son, and Paul preached, and John kindled with apocalyptic vision, and when any man has anything to do and does it well. His smile! Why, it is the 15th of May, the apple orchards in full bloom; it is morning breaking on a rippling sea; it is heaven at high noon, all the bells beating the marriage peal. But his laughter—may it never fall on us! It is a condemnation for our sin; it is a wasting away. We may let the satirist laugh at us, and all our companions may laugh at us, and we may be made the target for the merriment of earth and hell; but God forbid that we should ever come to the fulfillment of the prophecy against the rejectors of the truth: "I will laugh at your calamity." But, my friends, all of us who reject Christ and the pardon of

the Gospel must come under that tremendous bombardment. God wants us all to repent. He counsels, he coaxes, he importunes, and he dies for us. He comes down out of heaven. He puts all the world's sin on one shoulder, he puts all the world's sorrow on the other shoulder, and then with that Alp on one side and that Himalaya on the other, he starts up the hill back of Jerusalem to achieve our salvation. He puts the palm of his right foot on one long spike, and he puts the palm of his left foot on another long spike, and then, with his hands spotted with his own blood, he gesticulates, saying: "Look! look! and live. With the crimson veil of my sacrifice I will cover up all your sins; with my dying groan I will swallow up all your groans. Look! live." But a thousand of you turn your back on that, and then this voice of invitation turns to a tone divinely ominous, that sob like a simoon through the first chapter of Proverbs: "Because I have called and ye refused, I have stretched out my right hand and no man regarded; but ye have set at naught all my counsel, and would none of my reproof; I also, will laugh at your calamity." O! what a laugh that is—a deep laugh; a long, reverberating laugh; an overwhelming laugh; God grant we may never hear it. But in this day of merciful visitation, yield your heart to Christ, that you may spend all your life on earth under his smile, and escape for ever the thunder of the laugh of God's indignation.

The other laughter mentioned in the Bible, the only one I shall speak of, is heaven's laughter, or the expression of eternal triumph. Christ said to his disciples: "Blessed are ye that weep now, for ye shall laugh." That makes me know positively that we are not to spend our days in heaven singing long-meter psalms. The formalistic and stiff notions of heaven that some people have would make me miserable. I am glad to know that the heaven of the Bible is not only a place of holy worship, but of magnificent sociality.

"What," say you, "will the ringing laugh go around the circles of the saved?" I say, yes; pure laughter, cheering laughter; holy laughter. It will be a laugh of congratulation. When we meet a friend who has suddenly come to a fortune, or who has got over some dire sickness, do we not shake hands, do we not laugh with him? And when we get to heaven and see our friends there, some of them having come up out of great tribulation, why we will say to one of them: "The last time I saw you, you had been suffering for six weeks under a low intermittent fever," or, to another, we will say: "You for ten years were limping with the rheumatism, and you were full of complaints when we saw you last; I congratulate you on this eternal recovery." We shall laugh. Yes; we shall congratulate all those who have come out of great financial embarrassments in this world, because they have become millionaires in heaven. Ye shall laugh. It shall be a laugh of re-association. It is just as natural for us to laugh when we meet a friend we have not seen for ten years, as anything is possible to be natural. When we meet our friends from whom we have been parted ten, or twenty, or thirty years, will it not be with infinite congratulation? Our perception quickened, our knowledge improved, we will know each other at a flash. We will have to talk over all that has happened in the ten years of his heavenly residence, and we telling him in return all that has happened during the ten years of his absence from earth. Ye shall laugh. I think George Whitefield and John Wesley will have a laugh of contempt for their earthly collisions; and Toplady and Charles Wesley will have a laugh of contempt for their earthly misunderstandings; and the two farmers, who were in a law suit all their days, will have a laugh of contempt over their earthly disturbance about a line fence. Exemption from all annoyance. Immersion in all gladness. Ye shall laugh. Christ says so. Ye shall laugh. Yes, it will be a laugh of triumph. Oh! what a pleasant thing it will be to stand on the wall of heaven and look down at Satan, and hurl at him defiance, and see him caged and chained, and we forever free from his clutches. Ah! Yes, it will be a laugh of royal greeting. You know how the Frenchmen cheered when Napoleon came back from Elba; you know how the English cheered when Wellington came back from Waterloo; you know how Americans cheered when Kosuth arrived from Hungary; you remember how Rome cheered when Pompey came back victor over 900 cities. Every cheer was a laugh. But, Oh! the mightier greeting, the gladder greeting, when the snow white cavalry troop of heaven shall go through the streets, and according to the book of Revelation, Christ, in the red coat, the crimson coat, on a white horse, and all the armies of heaven following on white horses. Oh! when we see and hear that cavalcade, we shall cheer, we shall laugh. Does not your heart beat quickly at the thought of the jubilee upon which we are soon to great enter? I pray God that when we get through with this world and are going out of it, we may have some such vision as the dying Christian had when he saw written all over the clouds in the sky the letter "W"; and they asked him, standing by his side, what he thought that letter "W" meant. "Oh!" he said, "that stands for welcome." And so may it be when we quit this world. "W" on the gate, "W" on the door of the mansion, "W" on the throne. Welcome! Welcome! Welcome! I have preached this sermon with five prayerful wishes: that you might see what a mean thing is the laugh of scepticism, what a bright thing is the laugh of spiritual exultation, what a hollow thing is the laugh of sinful merriment, what an awful thing is the laugh of condemnation, what a radiant, rubicund thing is the laugh of eternal triumph. Avoid the ill; choose the right. Be comforted. "Blessed are ye that weep now—ye shall laugh, ye shall laugh."

HARPER'S HISTORY OF THE WAR

Harper's Pictorial History is universally recognized as the best history of the war yet published. This superb work has never been sold for less than \$16 to \$30. It has been sold only by subscription and but a very few men have been able to buy it. The pages are the same size as Harper's Weekly and the work contains all the illustrations appearing in that great paper during the war. The work was edited by Richard Grant White and Henry M. Alden and is authentic, complete and reliable.

We have made arrangements whereby we can furnish Gazette subscribers with this splendid history of twenty-six parts at ten cents a part. These twenty-six parts will contain over one thousand war pictures and will make two handsome volumes when bound.

Many official documents of priceless historical value are quoted in full in the copious foot notes, such for instance as Lincoln's inauguration speeches, articles of federation of the early states, constitution of the United States, ordinance of secession, and many important papers, speeches, etc. The war story is consecutive and very fascinating. The introductory chapters, leading up to the struggle, and the chapter on the reconstruction period, are by some of the first writers of the age.

"We don't play the piano at our house on Sunday," said the first little girl, "and you folks do. We ain't heathens." "Neither are we," said the second little girl, "but we don't believe in usin' up all our religion on Sunday so's there won't be none left through the week, like some folks does."

"No," said Floatinhair, the poet, "I shall never call on that editor again; never, never!" "What has he done?" "He has been rudely sarcastic. I handed him a bundle of manuscripts this morning and he told the office boy to hunt up his overshoes." "Over-shoes!" "Yes. He said he had a lot of slush to wade through."

CURES OTHERS

Mrs. MARTHA JANE PRINGLE, of Chase, Jackson Co., W. Va., writes: "Having been a great sufferer for many years with nearly every disease my sex is heir to, I can now say I am well and hearty. Have done more hard work in the past year, and with more ease, than I have done for twelve years. Before consulting you I was the most wretched among women, unable to walk or sit up in bed, and now I owe my good health all to Dr. Pierce's Favorite Prescription, 'Golden Medical Discovery' and 'Pelle's.' I gained twelve pounds while using the first bottle of 'Prescription.' I send you my picture together with my most heartfelt thanks. To any one suffering as I did who wants to know the particulars of my case and who will send a stamped envelope with name and address on, I will write particulars."
